## shoot and project with argus

**ARGUS C-3**—Today's fastest-selling precision 35mm camera. All-time favorite, with coupled range finder, built-in flash, ultra-sharp f:3.5 lens, fast-action shutter (up to 1/300). Price includes case and flash unit.

**SHOOT** the works with a 35mm Argus C-3 and get beautiful color slides every time. Take your pictures anywhere, anytime and they'll show every delicate shade of color clearly and naturally.

**PROJECT** your color slides on the screen with an Argus 200 Projector and get wonderfully clear pictures—sharp and brilliant to the very edge. Use it for any length of time—your slides always stay cool and protected!

### Argus 200 Projector With Blower Case

Special Combination Price
